To Whom It May Concern,

Re: Andrew Hewitt – Drumming Workshops

I am delighted to be able to confirm that Andrew Hewitt has completed a Drumming Workshop for our Resilience Group 16th April 2013. The group consisted of 10 children aged between 6-10 years who all have Cerebral Palsy. The goals of the group were to meet other children like themselves, focus on their strengths and to learn new skills in a fun environment.

The drumming workshop complemented these aims beautifully and was both motivating and inspiring for the children.

Andrew engaged the children well and taught them different drumming techniques and rhythms.

We look forward to working with Andrew into the future.

Yours Sincerely,
